Faculty

The New Look in Faculty. A new and hardworking administrative staff is striving to attain an even higher standard for our school. The many new teachers who have come to Forest Park combine with the established teachers to make up a faculty of which Forest Park can be very proud.

Principal's Message

May we all profit from the patience and perseverance demonstrated by our annual staff in the many hours spent in planning, organizing and developing this 1963 Retrospect.

I am confident that I speak for the teachers, students, and parents in expressing to Miss Gallagher and the annual staff our sincere appreciation for a job well done.

Through our annual, we have a lasting record of a remarkable year—a year demonstrating what can be accomplished by cooperation and understanding on the part of each individual associated with our school, a year of admirable effort by many groups working together toward a common goal of making a good school better, a year that will well serve as evidence to future classes the advantages of cooperative effort.

THIS WAS THE NEW LOOK OF FOREST PARK SENIOR HIGH 1963 . . .

As we view in retrospect the years we've spent in Forest Park Senior High, we recall with fond memoriés the new experiences we have shared, the new friends we have made, and the new knowledge we have acquired.

Although we must leave this building and these memories, they will remain with us forever, and upon these foundations we will build our future.

As the night closes the day, so we the Seniors of 1963 close this our final year.
